

Product Number: **TC402BP**
 Stock Code: **T011063**
 Description: **1RU Blanking Panel, Fits 19" Rack**

Document name: **PGTC402BP**
 Issue/Version No: **1.0**
 Date: **23/06/2021**
 Page: **1 of 1**

Use / Application:

This 1RU blanking panel is used to cover unoccupied spaces in a 19" rack. It's thin and unvented design helps to control the airflow inside the equipment racks by preventing hot exhaust air from recirculating through unoccupied spaces in the rack, significantly cooling the installed equipment.

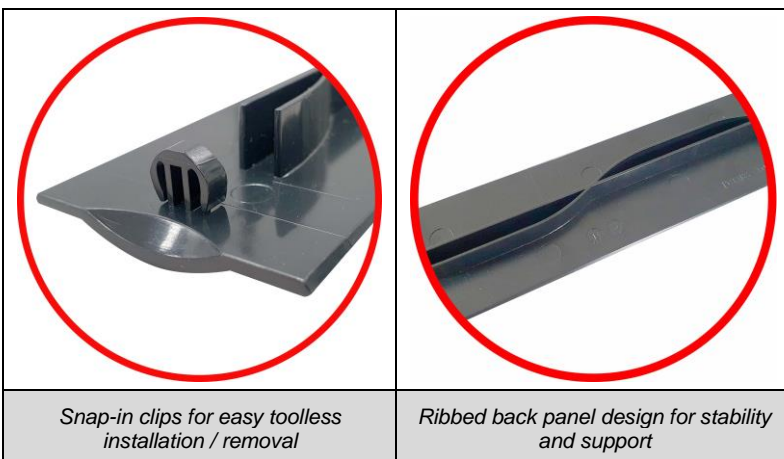

Easy to install and remove without the use of any tools. Simply push the snap-in clips into the racks' mounting holes.

Blanking panels installed.

Benefits & Features:

- Covers a 1RU footprint in any 19" rack
- Helps prevent dust and particles from entering the rack, protecting the installed equipment.
- Toolless installation design: 2x Snap-in clips mount directly onto the rack's mounting holes.
- Thin and lightweight. 2.0mm thick with ribbed back panel design for support and stability
- Made from flexible and durable, heat resistant material: PC+ABS plastic
- Rated UL94V-0

Snap-in clips for easy toolless installation / removal

Ribbed back panel design for stability and support
